24 Judge: Honorable Samuel Conti  
25 Courtroom One, 17th Floor

1 I, Nathan M. Cihlar, declare as follows:

2 1. I am a partner in the law firm Straus & Boies, LLP. I have personal knowledge of  
3 the facts stated in this declaration and, if called as a witness, I could and would testify competently  
4 to them. I make this declaration in support of my firm's request for attorneys' fees and  
5 reimbursement of litigation expenses, as set forth in Plaintiffs' Application for Attorneys' Fees,  
6 Expenses and Incentive Awards.

7 2. My firm is counsel of record on behalf of the Indirect Purchaser Plaintiffs ("IPPs")  
8 in this case. A brief description of my firm is attached as Exhibit 1 and incorporated herein by  
9 reference.

10 3. Throughout the course of this litigation, my firm kept files contemporaneously  
11 documenting all time spent, including tasks performed, and expenses incurred, and transmitted  
12 those reports on a regular basis to Lead Counsel. All of the time and expenses reported by my firm  
13 were incurred for the benefit of the IPPs.

14 4. Straus & Boies was engaged in nearly every element of this litigation from  
15 inception through settlement. The following tasks and activities were conducted by my firm on  
16 behalf of IPPs and at the request of Lead Counsel:

- 17 • As the Foreign Executive Chair, I and attorneys from my firm oversaw the review  
18 and analysis of all of the foreign language materials produced by Defendants and  
19 their co-conspirators. In this role, my firm was responsible for all facets of the  
20 review including developing its overall design and creating strategies to identify  
21 specific evidence. This review included hundreds of thousands of foreign language  
22 documents and required the coordination of numerous attorneys located within the  
23 United States and abroad, including among the different Plaintiff groups. In  
24 addition, my firm managed the entire translation process, which included liaising  
25 with the various translation certification companies; analyzing and finalizing all  
26 certified translations in preparation for use as evidence in briefing, deposition and  
27 trial; and scrutinizing and negotiating countless conflicting translations and

1 objections by Defendants.

- 2 • Straus & Boies was responsible for the litigation strategy against one of the largest  
3 Defendants, Samsung SDI (“SDI”). Of the total number of merits depositions taken  
4 in this case, thirteen of them were of either current or former SDI employees. We  
5 analyzed evidence against SDI to select the SDI deponents, coordinated with the  
6 Direct Action Plaintiffs (“DAPs”), Direct Purchaser Plaintiffs (“DPPs”), Attorneys  
7 General, and IPP co-counsel regarding logistics and litigation strategy against SDI,  
8 and diligently supported Lead Counsel’s analysis of damages for settlement and  
9 trial. Our attorneys either took, attended or provided the deposition preparation  
10 support for all SDI depositions. In addition, my firm conducted and managed all  
11 meet and confers, as well as all motions and correspondence related to SDI  
12 discovery production.
- 13 • Attorneys from Straus & Boies traveled to Taipei, Taiwan and Seoul, South Korea  
14 to take the depositions for the IPPs of some of the most important Defendant  
15 witnesses in the case, including the depositions of Chunghwa’s Chih Chun-Liu,  
16 Sheng-Jen Yang, Jing Song Lu and SDI’s Sang-Kyu Park and Deok-Yun Kim. In  
17 addition, Shinae Kim-Helms of my firm attended almost every deposition that was  
18 taken in Korean—whether the employee was from LG or SDI—to both assist with  
19 the factual aspects of the questioning and to serve as the “check” interpreter on  
20 behalf of all the Plaintiff groups.
- 21 • Straus & Boies also played a substantial role in preparing and taking the depositions  
22 of all other Defendant witnesses. Not only did we lead the targeted review of all  
23 foreign language documents in preparation for the depositions, my firm was also  
24 part of a small team of attorneys that worked with Lead Counsel to analyze and  
25 select potential deponents. In order to identify key deponents, my firm developed  
26 customized searches, drafted background memoranda for nearly every key  
27 deponent, and created memoranda listing all potential documents for use at each  
28

merits deposition. All of these efforts required significant coordination with co-counsel and IPPs' experts.

- Alongside Lauren Capurro of Trump Alioto, I helped design the infrastructure to process all discovery production by creating the coding manual, the coding panes in our review platform, and developing the strategy and procedures for all predictive and analytic coding. Throughout the litigation, my firm controlled the work-flow between all foreign language and English document review teams and trained all foreign document reviewers on both substantive and technical aspects of the document review process.
- In addition to the discovery efforts described above, my firm assisted Lead Counsel by: 1) creating specialized searches aimed at specific issues based on in-depth analysis of deposition transcripts and interrogatory responses; 2) coordinating and communicating with other Plaintiff groups and Defendants regarding production issues; 3) taking the lead on drafting contention discovery responses and developing the meeting grid used in support of the same; 4) conducting and managing all aspects of the meet and confer efforts with multiple third parties; and 5) working closely with experts to furnish any factual support needed for their analysis.
- Straus & Boies assisted Lead Counsel with nearly all substantive briefing in this case, including at the dismissal, class certification, summary judgment, and preliminary approval stages. We had a significant role in drafting the consolidated amended complaints and other motions regarding bifurcation, discovery objections and translation issues. My firm engaged in extensive research and drafting as the primary drafters of the opposition to Defendants' motion for summary judgment for lack of antitrust injury and standing. We also assisted in drafting both of the Hitachi summary judgment opposition motions regarding evidence of Hitachi's participation in the conspiracy.
- My firm assisted Lead Counsel with various aspects of trial preparation, including:

1) working with a small group of co-counsel on strategically locating, analyzing and compiling evidence for use as exhibits at trial and subsequently being responsible for preparing, translating, and organizing IPPs' trial exhibit list; 2) taking sole responsibility for drafting responses to thousands of translation objections, conferring with all Defendants on wording of the same and finalizing and preparing the documents as exhibits for use at trial; 3) meeting and conferring with Defendants over authenticity of documents, including drafting motions to compel and stipulations of agreement related to the same; 4) reviewing and designating deposition testimony for use at trial; 5) working alongside Lead Counsel and coordinating with the DAPs on the design and management of the evidentiary objection process; 6) formulating and managing Co-Counsels' evidentiary objections to documents on Defendants' trial exhibit list and designated deposition testimony, as well as Plaintiffs' responses to evidentiary objections raised by Defendants against Plaintiffs' trial exhibit list and deposition designations; and 7) participating in meetings among co-counsel regarding trial strategy and coordination, including attendance at mock trials and trial team framing sessions.

- Throughout the litigation, Straus & Boies had, at a minimum, weekly and at times daily conversations with Lead Counsel regarding strategy and direction of the litigation. My firm assisted Lead Counsel with settlement analysis and, once settlement agreements were reached, my firm reviewed and edited the preliminary approval papers, and helped draft the long and short form notices to class members.

5. The schedule attached as Exhibit 2, and incorporated herein, is a detailed summary of the amount of time spent by my firm's partners, attorneys and professional support staff who were involved in this litigation. It does not include any time devoted to preparing this declaration or otherwise pertaining to the Joint Fee Petition. The lodestar calculation is based on my firm's historical billing rates in effect at the time services were performed. Exhibit 2 was prepared from

1 contemporaneous time records regularly prepared and maintained by my firm. Those records have  
2 been provided to Lead Counsel and I authorize them to be submitted for inspection by the Court if  
3 necessary. The hourly rates for my firm's partners, attorneys and professional support staff  
4 included in Exhibit 2 were at the time the work was performed the usual and customary hourly  
5 rates charged for their services in similar complex litigation.

6 6. The total number of hours reasonably expended on this litigation by my firm from  
7 inception to May 31, 2015 is 22,707.00 hours. The total lodestar for my firm at historical rates is  
8 \$8,327,526.75. The total lodestar for my firm at current rates is \$9,002,608.75. Expense items are  
9 billed separately and are not duplicated in my firm's lodestar.

10 7. The expenses my firm incurred in litigating this action are reflected in the books  
11 and records of my firm. These books and records are prepared from expense vouchers, invoices,  
12 receipts, check records and other source materials and accurately reflect the expenses incurred.  
13 My firm's expense records are available for inspection by the Court if necessary.

14 8. My firm incurred a total of \$208,841.21 in unreimbursed expenses, all of which  
15 were reasonable and necessary for the prosecution of this litigation. Of this amount, \$120,000.00  
16 was for assessment payments for common litigation expenses or direct payments to experts or  
17 other vendors made at the request of Lead Counsel, and an additional \$88,841.21 was for non-  
18 common litigation expenses incurred by my firm, such as travel, meals and lodging, copying, legal  
19 research, telephone, etc. A summary of those expenses by category is attached as Exhibit 3.

20  
21 I declare under penalty of perjury that the foregoing is true and correct. Executed this 21st  
22 day of September, 2015, in Fairfax, VA.

**Partial List of Recent Cases In Which Straus & Boies, LLP  
Has served As Lead Counsel**

***Eggs***

Straus & Boies, LLP is co-lead counsel of indirect purchasers across the country and in 17 jurisdictions alleging a conspiracy to fix the prices of eggs. This litigation, which began in late 2008, includes complicated claims reaching back almost ten years in a multi-billion dollar industry. If successful, Straus & Boies, LLP will secure millions to the benefit of the injured classes throughout the country.

***Vitamins***

As lead counsel in coordinated multi-state proceedings of more than 50 indirect purchaser classes and *parens patriae* actions filed in 23 separate state jurisdictions against the international manufacturers of bulk vitamins, Straus & Boies negotiated and finalized a series of settlements with the defendants. The first settlement secured by Straus & Boies was at that time the largest ever indirect purchaser antitrust settlement. Straus & Boies's efforts in successfully resolving the state vitamins indirect purchaser actions included structuring, implementing, and leading coordinated alternative dispute resolution proceedings sanctioned by state courts throughout the country, and involving scores of plaintiffs' counsel, numerous counsel for foreign and domestic defendants, and the State Attorneys General.

***Food Additives***

As sole lead counsel for more than 10 indirect purchaser state class action claims filed across the country, Straus & Boies effectively advanced the claims of indirect purchasers against the manufacturers of food additives for an illegal price-fixing conspiracy that affected consumer prices for well over a decade. Straus & Boies, LLP has been prosecuting the claims of indirect purchasers of DRAM since October 2004. Settlements have been reached with all defendants totaling more than \$300,000,000.
